Full-stack Developer

Apply Now

Company: IT Company

Location: Nigeria

Category: computer-and-mathematical

At IT Company (Contractor)

Expires at: 2024-06-25

Remote policy: Global remote

We're a Digital Company and our passion lies in crafting cloud-based applications and scalable, high-performing micro-services that frequently integrate with APIs.

This is a full-time remote position for **Full Stack Developer Node.js + Vue.js Italian Speakers**

spanning **6-12 months**. The role encompasses daily responsibilities of both back-end and front-end web development, software development, and full-stack development. The developer will also engage with Cascading Style Sheets (CSS) to ensure optimal design and functionality.

Main requirements

Knowledge of the **Italian** language at least at a conversational level (C2 level - should be able to read, write, and speak) is mandatory.

Experience in software development.

Strong command of Cascading Style Sheets (**CSS**).

Exceptional problem-solving and debugging skills.

Extensive knowledge of **Node.js** and **Vue.js**.

Prior experience in working with **API** integrations.

Capability to work autonomously and in remote settings.

Experience with **cloud** architecture and **microservices** is a plus.

Familiarity with **Commerce platforms** (e.g., Shopify, Magento).
