Contract Type:

Sign up to view job details.

Bachelor's degree in Environmental Science, Sustainability, Business, or related field (Master's degree preferred).

Proven experience (4+ years) in grant management, specifically in climate-related projects.

Strong knowledge of the climate funding landscape, including public and private grant sources.

Exceptional writing and communication skills, with the ability to convey complex ideas in a clear and concise manner.

Demonstrated success in securing and managing grants for sustainability initiatives

Detail-oriented with excellent organizational and project management skills.

Ability to work collaboratively in a cross-functional team environment

Proficiency in grant management software and tools.

Passion for sustainable mobility and addressing climate challenges.

Responsibilities

Research and identify a wide range of grant opportunities related to climate change,

sustainable transportation, and environmental conservation

Develop and manage a grant strategy that aligns with the company's goals and objectives

Collaborate with internal teams to gather necessary information and data for grant applications.

Write compelling grant proposals that effectively communicate the company's mission, projects, and impact on climate change.

Maintain a comprehensive database of grant applications, deadlines, and outcomes.

Cultivate and nurture relationships with grant-making organizations, governmental bodies, and other relevant stakeholders.

Monitor and ensure compliance with grant requirements throughout the project lifecycle.

Prepare and submit regular reports on grant progress and outcomes to company leadership.
