Company: Deloitte Human Capital Consulting West Africa

Location: Nigeria

Category: other-general

On behalf of our client, a leading trading company, we are seeking to recruit a dedicated and detail-oriented Inventory Manager/Stock Accountant. As an Inventory Manager/Stock Accountant, you will be responsible for overseeing our inventory management processes and maintaining accurate stock records. You will play a crucial role in making decisions related to stock levels, order prioritization, quality control, supplier relationships, technology integration, process improvements, returns handling, contract execution, compliance

Requirements

Develop and implement inventory management strategies and policies to optimize stock levels, reduce carrying costs, and ensure efficient operations.

Provide leadership and guidance to the Stock Account Officers, ensuring they understand their roles and responsibilities and are effectively executing them.

Collaborate with the sales team to prioritize the distribution of outgoing orders and ensure timely deliveries to customers.

Oversee all warehouses to ensure proper stock storage, organization, and security. Monitor stock movements in and out of these warehouses.

Ensure that stock loaded out of the warehouse reaches its destination with the same weight and in good condition. Implement quality control measures to prevent stock damage or losses.

Instruct warehouse managers on contracts to be executed after obtaining all necessary approvals. Ensure that all contract terms and conditions are met.

Validate all regulatory processing of returned goods and oversee the proper handling and documentation of return processes, both at the federal and state levels.

Conduct regular stock valuations to assess the value of inventory on hand and report this information accurately for financial purposes.

Provide the necessary support and records for month-end close, audit, and year-end financial statement preparation. Ensure that inventory-related financial data is accurate and up-to-date.

Requirements:

Bachelor's degree in Accounting, Finance, Business, or a related field (relevant certification is an advantage).

Proven experience in inventory management, stock accounting, or a related role.

Proficiency in inventory management software and Microsoft Excel for data analysis and reporting.

Strong analytical skills with attention to detail.

Effective communication and collaboration skills.

Ability to adapt to a fast-paced and changing environment.

Knowledge of industry-specific regulations and compliance requirements
