Company: Ascentech Services limited

Location: Ijebu Ode

Category: other-general

location: Ijebu Ode (Ogun State)

Industry: Packaging

Job brief

We are looking for a creative Mechanical Engineer to work on all product stages from research and development to design and manufacture, through to installation and final commissioning. The goal is to design and fabricate mechanical components of innovation and excellence.

Responsibilities

- Perform a full lifecycle product development (design, develop, test prototypes, manufacture and implement)
- Design systems and components that meet needs and requirements
- Produce outline designs
- Conduct experiments methodically, analyze data and interpret results

- Test and evaluate theoretical designs
- Identify, formulate, and produce effective solutions to emerging problems
- Evaluate the final product's overall performance, reliability, and safety
- Alter and modify design to meet requirements and eliminate malfunctions
- Estimate the budget and scope of the project
- Solicit observations from operators
- Prepare product reports and documentation
- Engage in lifelong learning and develop new theories or methods

Requirements and skills

- 2-5 Years of experience in all the requisitions
- Experience working in a manufacturing firm
- HND/BSC Mechanical Engineer/technicians
- Working experience with product lifecycle management (PLM), finite element analysis (FEA) and computational fluid dynamics (CFD)

Hands-on experience with computer-aided engineering (CAM) and computer-aided manufacturing (CAE)

Familiarity with 2D or 3D engineering design and manufacturing tools (e.g., AutoCAD, ProE or other)

Adequate knowledge of engineering analysis tools (ANSYS, ProMechanica or similar)

Mathematical computing and analysis tools knowledge (Matlab, Excel, LabView etc)

Solid understanding of core concepts including mechanics, kinematics, thermodynamics, materials science etc.

Creativity and analytical skills

Ability to communicate technical knowledge in a clear and understandable manner

Technical writing skills
