Position Overview:

We are seeking a detail-oriented and compassionate Phlebotomist to join our team at MedClinix 24 Medical Diagnostics Centre. The Phlebotomist will be responsible for performing venipuncture and other specimen collection procedures, ensuring the quality and integrity of blood samples, and providing excellent customer service to patients. The ideal candidate will have strong phlebotomy skills, a caring demeanor, and a commitment to delivering high-quality care.

Key Responsibilities:

- Perform venipuncture and capillary puncture to collect blood specimens from patients of all ages, following established protocols and safety guidelines.
- Prepare patients for blood collection procedures, explaining the process and addressing

any questions or concerns they may have.

- Identify patients and correctly label blood collection tubes with patient information, specimen type, and other required details.
- Verify patient identities and ensure proper patient identification procedures are followed to prevent errors and ensure accurate specimen labeling.
- Maintain a clean and organized work area, including phlebotomy stations, equipment, and supplies, to ensure a safe and hygienic environment for patients and staff.
- Adhere to infection control practices, including hand hygiene, personal protective equipment (PPE) use, and proper disposal of biohazardous materials.
- Process blood specimens for transport to the laboratory, ensuring timely delivery and accurate documentation of specimen handling and transport.
- Monitor inventory levels of phlebotomy supplies and equipment, and assist with ordering and restocking as needed.
- Provide excellent customer service to patients, addressing their needs and concerns in a courteous and professional manner.
- Collaborate with other members of the healthcare team, including nurses, physicians, and laboratory staff, to ensure coordinated patient care and optimal outcomes.

Qualifications:

- Minimum of OND or equivalent required; completion of a phlebotomy training program preferred.
- Minimum of 2 -3 years of experience working as a Phlebotomist in a clinical setting.
- Strong phlebotomy skills, including proficiency in venipuncture and capillary puncture techniques.
- Excellent interpersonal and communication skills, with the ability to interact effectively with patients, colleagues, and other healthcare professionals.
- Compassionate demeanor, with a commitment to providing compassionate care and support to patients during blood collection procedures.
- Attention to detail, organizational skills, and the ability to prioritize tasks and manage workload effectively.
- Knowledge of medical terminology, laboratory procedures, and safety regulations related to phlebotomy practice.

Benefits:

- Competitive salary commensurate with experience
- Opportunities for professional development and continuing education
- Supportive work environment with opportunities for career advancement

Equal Opportunity Employer:

MedClinix 24 Medical Diagnostics Centre is an equal opportunity employer committed to diversity, inclusion, and workplace equity. We welcome and encourage applications from individuals of all backgrounds, including those with disabilities and veterans.
