[Apply Now](#)

Company: E-Commerce Company

Location: Nigeria

Category: computer-and-mathematical

At E-Commerce Company (Permanent), in Portugal

Salary: €35.000 - €50.000

Expires at: 2025-03-28

Remote policy: Full remote

We are a leading e-commerce platform based in Germany, dedicated to providing innovative solutions and a seamless shopping experience for our customers. With a strong commitment to technology and continuous improvement, we are seeking a talented Software Developer to join our dynamic team and help build and enhance our e-commerce platform.

Responsibilities:

Design, develop, and deploy scalable and robust software solutions to support various aspects of our e-commerce platform, including frontend, backend, and infrastructure components.

Collaborate with product managers, designers, and other stakeholders to define requirements, user stories, and technical specifications for new features and enhancements.

Write clean, efficient, and maintainable code using programming languages such as Java, Python, JavaScript, or other relevant technologies.

Implement responsive and intuitive user interfaces using modern frontend frameworks such as React, Angular, or Vue.js, ensuring a seamless and engaging shopping experience

across devices.

Integrate third-party APIs, services, and systems to enhance the functionality and interoperability of our e-commerce platform.

Conduct code reviews, unit tests, and debugging to ensure software quality, reliability, and performance.

Stay current with emerging technologies, best practices, and industry trends in software development, e-commerce, and retail to drive continuous improvement and innovation.

Main requirements

At least 2 years of experience as a Software Developer;

Proven experience as a software developer with a track of delivering successful web apps;

Proficiency in at least two programming languages such as JavaScript, Python, Java, C#, or Ruby;

Knowledge with SQL and NoSQL databases;

Knowledge with cloud platforms (e.g., AWS, Azure, Google Cloud) and with cloud deployment;

Agile methodologies.

Benefits & Perks

Highly competitive salary and comprehensive benefits package.

Flexible working hours

Collaborative and inclusive work environment that values creativity and innovation.

Opportunities for professional growth and career advancement within a rapidly expanding organization.

Work-life balance and a supportive culture that values your personal well-being.

Regular team events, social activities, and celebrations.
