

## Sun King Elite Corps (SKEC) Internship Program

[Apply Now](#)

Company: Sun King

Location: Nigeria

Category: computer-and-mathematical

**Job Location:** Lagos and any of our Locations (Easy Buy Stores) in Nigeria

### About the Internship:

Join Sun King Elite Corps (SKEC) and Ignite Your Professional Journey in Renewable Energy!

Are you ready to transform your 1 - year NYSC period into a powerful launchpad for your career? Sun King, a global leader in solar energy solution, is thrilled to introduce the Sun King Elite Corps (SKEC) Internship Program – an unparalleled opportunity for Corp members to gain hands-on experience in diverse departments such as Sales, Marketing, Engineering, Training, Credit risk, Operations, HR, Data and more. Department Human Resources, IT and Administration  
Employment Type Internship Location Nigeria Workplace type Onsite

### Why SKEC?

1. **Comprehensive Training:** Dive into real-world scenarios, learning from industry experts to hone your skills in various fields.
2. **Career Development:** Position yourself for success with tailored mentorship and guidance, setting the stage for potential employment opportunities within Sun King.
3. **Innovation:** Be part of a dynamic team driving innovations in sustainable energy and community development.

## **What We Offer:**

Hands-on Experience: Immerse yourself in the daily operations of a global industry leader.

Professional Development: Acquire practical skills through targeted training sessions and mentorship.

Networking Opportunities: Build connections with professionals across departments and industries.

Impactful Projects: Contribute to projects that make a difference, aligning with Sun King's commitment to sustainability.

Monthly Stipend, Expense Allowances and Applicable work tools.

## **Who We're Looking For:**

Energetic and ambitious Corp members with a passion for making a positive impact in Renewable Energy. If you're in NYSC camp or about to be deployed to camp with your call up letter - you're the most ideal candidate.

If you are eager to learn, adaptable, and ready to contribute to transformative initiatives, SKEC is your gateway to a rewarding future.

## **What we offer (in addition to compensation and statutory benefits):**

An opportunity to grow as a professional in a dynamic, fast growing, high impact industry.

The chance to work in an open minded, collaborative culture surrounded by enthusiastic people who are driven by the challenge of continuously innovating and growing a smart, sustainable business with profound impact on the world.

A truly multicultural experience: you will have the chance to work with and learn from people from different geographies, nationalities, and backgrounds.

Structured, tailored learning and development programs that help you become a better leader, manager, and professional through the Sun King Academy.

## **About Sun King**

Sun King is the world's largest off-grid solar energy company with cutting-edge product design, pioneering fintech and a grassroots installation model that provides energy to the 1.8

billion consumers across Africa and Asia who lack access to reliable electricity. Founded in 2007, Sun King sets the gold standard for off-grid solar performance and design as part of its mission: powering access to brighter lives. Sun King's 2,500+ staff and 23,000 field agents serve 100 million product users based in 65 countries around the world. With direct-to-consumer sales active in 11 countries, Sun King is growing rapidly. Every month, we equip 330,000 homes and businesses with power and light. The needs of energy consumers in Africa and Asia are diverse. From cost-effective and durable lamps to powerful home and business energy systems as well as modern entertainment and energy storage systems, Sun King's broad array of products unlock a higher quality of life. Whether devising safe and environmentally friendly electric-powered cookers or exploring the future of pay-as-you-go mobility and vehicles in Africa to concocting ever-more-powerful solar energy solutions, Sun King's technology team nurtures and devises scalable, inventive solutions to pressing global challenges. Sun King's innovative pay-as-you-go financing model dismantles the upfront cost burden that blocks low-income households from transitioning from polluting and harmful kerosene fuels and gas generators to clean, affordable and green solar energy. Sun King customers can purchase products using the company's technology-enabled, pay-as-you-go "Easy Buy" financing service, which breaks payments down into regular, affordable instalments. These payments can be made via mobile money for as little as \$0.15 a day. After one to two years of payments, customers own their solar equipment outright. Though united by a commitment to serving underserved off-grid families, Sun King comprises a broad, inclusive group of individuals working across 11 countries. Sun King's world-class roster of product designers, data scientists, logistics experts, customer service professionals, operations gurus and marketing and communications strategists work together to devise solutions to the complicated and multidimensional challenges of energy access, climate action and social inclusion. Across the diverse countries where we operate and work, we build awareness of diversity and promote equity. Sun King is committed to gender equality in the workplace. Women represent 47% of Sun King's workforce.
